To dissert the use of the GALVANIC BELT, suppose the case of a person sufficied with that been of civilization, DYSFEISIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford feminary relief, but which leave the patient in slower state, and with in jured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Aske a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply tie the field acound the body, using the Magnetic Fluid as directed. In a whort period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPETSIA are PERMANENTLY CURED. A FEW DAYS IS OFFEN AMPLY SUFFICIENT TO FRADICATE THE DISEASE OF YEARS.

A. H. CHRISTIX—Dear Sir: You wish to know of n what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For shout teerity years I had been suffering from Dyspeptia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequence exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumantam, which for year after year, caused me indescribeble anguish. Further: in the win'er of '45 and '46, in consequence of preaching a great deal in my own and various citler churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My nervous system immediate suspension of my pastoral labors. My nervous system, in the whole phasmacoperis there seemed to be no remedial agent which could reach and recuperate my Nervous System; every hing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your investions, and (though with me very sanguine hopes of their efficiency,) if determined to try the effect of the spalication of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. CERTIFICATE

CINCINNATI, Feb. 1th. 1861.

This is to certify that my sister, Mary C. Helman, was attacked with a discase in her hip, more than three years ago, which rendered her so utterly help less that she was compelled to keep her hed. All hopes of her recoverp were despaired of. Some of the most eminent physicians of Covington and Cincinnati attended her, all of whom declared her case a hopeless one. Passing by Dr. Howe's depot, an idea suggested itself, that to try one bottle of his Shaker barsaparilla could do no harm. Accordingly I purchased one bottle, and before its contents were entirely used she received benefit, I was induced to try another, and another; before the last was used she had nearly recovered. Now she has no pain, can walk, and has the entire use of her limbs. To Howe's Shaker Sarsaparilla was attribute this effective cure. It is but a few months since she commenced taking it.
